Last Updated: Dec 20, 2005

Main Layout Measurements

The screenshot displays a network management interface with various sections and their dimensions:

- Left Sidebar (RouteLogics):** Total width 235.
 - Configure: 22
 - fea
 - interfaces
 - protocols
 - rtrmgr
 - system: 22
 - login: 22
 - *user: 16
 - engr
 - root
 - radius-server
 - tacplus-server
 - domain-search
 - bridging
 - name-server
 - ntp-server
 - static-host-mapping
 - syslog
 - firewall
 - plumbing
 - policy
 - service
 - Operations
 - Tools

RouteLogics Support

RouteLogics 80

User Configuration (center): Total width 448.

 - user: 19
 - engr
 - Delete
 - root: 24
 - Delete: 18
 - Save
 - + Add User account information

Top Bar: Total width 1003.

 - Commit All Changes: 17
 - Revert: 20
 - Logout: 16

Status (right): Total width 19.

 - Server Time:
 - 12:34 local
 - 20:34 GMT
 - Uptime:
 - 250546 total
 - 204763 idle
 - Network In:
 - 2411307 packets
 - 223398134 bytes
 - 0 dropped
 - 0 errors
 - 0 fifo
 - Network Out:
 - 2151237 packets
 - 268451239 bytes
 - 0 dropped
 - 0 errors
 - 0 fifo
 - Tools
 - Command Glossary (pdf)
 - Subnet Calculator
 - Ping: 47
 - 19 show
 - Traceroute
 - show

1003

Main Layout Sections

The screenshot displays the RouteLogics software interface with the following sections:

- Left Nav (1):** Located on the far left, it contains a tree view of configuration categories: Configure, system, login, user, radius-server, tacplus-server, domain-search, bridging, nameserver, ntp-server, static-host-mapping, syslog, firewall, plumbing, policy, service, Operations, Tools, and RouteLogics Support.
- Content Area (2):** The central area shows a 'user' configuration screen with two entries: 'engr' and 'root'. Each entry has a 'Delete' button. Below the entries is a 'Save' button. At the bottom is a dashed-line section with a '+ Add' button and the text 'User account information'.
- Command Buttons (5):** A yellow bar at the top right contains five buttons labeled 'Command', 'Calculator', 'Ping', 'Traceroute', and 'show'.
- Status Palette (3):** A palette titled 'Status' provides server status information, including Server Time (12:34 local), Uptime (20:34), Network In (204548 total), and Network Out (204763 idle).
- Tools Palette (4):** A palette titled 'Tools' lists links to 'Command Glossary (pdf)', 'Subset Calculator', 'Ping', and 'Traceroute'.
- Copyright (6):** The bottom left corner contains the text 'RouteLogics Copyright © 2008'.

Large blue text overlays:

- 1 Left Nav** is positioned over the left navigation bar.
- 2 Content Area** is positioned over the central user configuration screen.
- 3 Status Palette** is positioned over the status information palette.
- 4 Tools Palette** is positioned over the tools information palette.
